# who is he ?

Florian Müller is a **25** year old German born student who has a unique education worldwide.

Florian Müller completed a **Bachelor of Multimedia** in Australia, and is in his final year of **Digital Media** in Germany, at the same time! This is possible through a scholarship from the German Government.

The Bachelor of Multimedia is a three year degree and the only such course in Australia, and Digital Media lasts **4** years and was the first of its kind in Europe.

He will be the only one in the world with these two degrees.

**NOW** he needs a new CHALLENGE!

# Why him?

Florian has been offered **two** scholarships from the German Government, he decided to do a "Bachelor of Multimedia" in Australia.

He was the project manager of a **one**- year university project "Conceptualisation of a **Three** Dimensional Operating System" using Virtual Reality technology, and being graded with the highest score possible.

Another **one**-year university project was the "Developing of an Intranet-based Induction" program for Blake Dawson Waldron, a major Australian law firm.

Florian also conceptualised and developed the **first** college radio over the Net in Germany in his spare-time.

He is also always achieving highly in his courses each year.

# **That's nice, but what about work experience?**

Florian worked for Xerox Palo Alto Research Center's (PARC) Human Document Interaction group under Eric Bier<sub>s</sub>

He also has work experience at "Virtual Artists", in Adelaide, Australia, where he researched new technologies for the company<sub>s</sub>

He conceptualized and developed the Intranet for the Multimedia Department of "Springer Publisher", in Heidelberg, Germany, one of the biggest publishers for academic books worldwide<sub>s</sub>

For the "Queensland Open Learning Network", in Brisbane, Australia, (a specialist in distance education), he designed a framework for their new homepage<sub>s</sub>

# What else?

He has got all the programming skills:

<codi ng ski ll s>

C

C++

Java

Javascript

HTML, DHTML, VRML2, CSS

Perl

Python

on UNIX, WIN and MacOS

</codi ng ski ll s>

Florian knows all about Multimedia, Networks, Server administration on the technical aspect, but, more importantly, all about the concepts and planning behind: Human-Machine Interaction, Interface Design, Conceptualisation and Project Management. These four aspects are his speciality.

He has travelled <sup>all</sup> around Europe and Australia, loves playing basketball and wants to shoot a :movie: sometime in his life.

His aim for this century

**"I want to invent the mouse equivalent  
for the next millenium."**

---

# What do you have to do?

In order to get Florian Müller, all you have to do  
is reply to:

Florian Müller  
GHB 6-3-6  
**78120** Furtwangen  
Germany

floyd@va.com.au  
**+49 (7723) 913678**

That's it!
